"I just want to let you know the growth is incredible so far after just 2 treatments. Been for over 10 sessions previously somewhere else, & no improvement. I was so scared to try this but I'm almost hair free! Best value!"

DMK PARAMEDICAL AESTHETICS

Enzyme Therapy is a unique, award winning treatment that stimulates enzymatic & cellular activity within the basal layers of the skin. It is the only form of true oxygen therapy in the world boasting over 50 years of excellence in its field.
It is world renowned for it's ability to restore skin to its true genetic potential, simultaneously treating skin from the inside-out.
There is no other treatment in the world that can achieve it's result.
